Head Teacher – Mr C Bennet

**Teacher of Mathematics
Main/Upper Pay Range
Required - September 2021**

Teaching is the most rewarding job in the world. We have the opportunity to change students' lives for the better and you could make a positive impact at St Peter's School.

We are a forward thinking and rapidly improving, "good" school that is creating a legacy of learning for our community. Our students Learn, Aspire and Exceed as they work with our highly skilled teaching and associate staff supporting and guiding them.

St Peter's is part of The Cam Academy Trust which offers students and staff fantastic potential to collaborate, share and develop a wide range of teaching and learning across the schools in the trust. As a family of schools, we support, share and challenge each other to improve the future lives of all our young people.

We are currently seeking to develop our existing Mathematics department by employing a dynamic and inspiring Teacher of Maths to join our team in motivating and supporting our students to ensure outstanding attainment.

We are based in Huntingdon, just 12 miles north of Cambridge with its own mainline station connecting with London in less than an hour.

The Maths department has shown sustained success in driving forward. In the June 2018 examination, we achieved 69% grade 4 to 9 and 43% 5 to 9.

As a supportive, hardworking and friendly team with a desire to raise student achievement beyond expectation. We have extensive resources to support teaching and learning and are constantly reflecting on our curriculum to make further improvements. We are seeking someone who will show their enthusiasm and be able to demonstrate their commitment by contributing to the innovation of pedagogy in our flourishing Maths team

We believe that every student has potential and we are always encouraging students to achieve their targets by offering full help and support. With excellent behaviour procedures and respectful students that are always eager to learn the Maths department has been able to show sustained success in driving forward results.
